SAFETY

The 3rd Construction Safety Conference (CSC 2024) will be hosted by the Craig and Diane Martin National Center for Construction Safety (NCCS) at the University of Kansas on July 24-25, 2024, in Lawrence, Kansas USA.

The first day is a Cocktail & Welcome Dinner. The second day blends practical construction safety subjects with cutting-edge research presentations. It will provide a platform for academics and practitioners to discuss current and emerging research issues, findings, and new developments in construction safety management.

The conference will feature case studies, data analysis, and industrial practice. This will provide a great opportunity for interdisciplinary research and industrial networking at local and international levels.
